Jiva Ayurveda bags award in innovative teaching in pedagogy

The award titled 'Vishwakarma National Skill Excellence Award for Innovative Teaching Pedagogy in Higher Education' has been instituted by Shri Vishwakarma Skill University

Jiva Ayurveda has received an award from Manohar Lal Khattar, Chief Minister of Haryana, for its contribution to innovative teaching pedagogy in higher education in the institution category.

The award titled 'Vishwakarma National Skill Excellence Award for Innovative Teaching Pedagogy in Higher Education' has been instituted by Shri Vishwakarma Skill University (SVSU).

The award were given in three categories: teachers, trainers, and institutions for adopting innovative teaching pedagogy that focuses on developing skills like critical thinking, problem solving, communication and collaboration, digital compatibility, emotional intelligence, ethics & values among students and trainees.

On receiving recognition, Dr Partap Chauhan, Director, Jiva Ayurveda, said, "It is fulfilling to be recognised for our efforts in the field of innovative teaching pedagogy for Ayurveda doctors. We thank Shri Vishwakarma Skill University for awarding us. This will be a new impetus for our organisation to continue our success through innovation and excellence in Ayurvedic healthcare."

Speaking on the occasion, Neerja Chauhan, Director – Learning and Development, Jiva Ayurveda, said, "The main problem which the country faces is how to provide the required experience to new BAMS graduates as there are less opportunities available for them to practice authentic Ayurveda. To overcome this problem, we developed our own pedagogical approach covering all aspects of learning in a 'personalised' manner through training and learning modules such as Learning Management System (LMS), Quality Audits & Development Feedback (QADF), Credit-based awards & recognitions (Karma), and Simulation-based Protocol System (SBPS)."
